

TESTIMONIALS

We had the CD [*Voice of Many Waters*] playing in the hospital while I was in labour. The whole atmosphere in the room was charged with the Holy Spirit's peace. When the anaesthetist came, he commented on the beautiful music and said he didn't want to leave the room. He was soaking in the glory that was released. It settles my newborn beautifully. In fact when he was first born, he didn't even cry! He was content and at peace.

- Cheryl, Saskatchewan, Canada

Through her gifts, Melissa has created beautiful music that invites the listener to peace and meditation. I believe that listeners will sense the presence of God in them as "deep calls to deep".

- Lynden Neudorf, BA (Music), MSW, Alberta, Canada

The sound penetrates the spiritual realm and brings wholeness to everyone in its path.

- K. Malinconico, Toronto, Canada

Relaxing, comforting and, if I may use the term, heavenly.

- M. Kramer, Haifa, Israel

Melissa, I can witness about the healing and inspiring power of your music. I have one your CDs ministering me for hours while I drive from home to work.

- Josh, Columbia, South America

Early this fall me and my 10 year old son who was really sick with the flu had an amazing encounter with the healing power of God that was brought through Melissa's music. While my son was laying in bed with a really high fever, I really felt the Lord tell me to play music in the house. When I turned the stereo on, my son asked to hear Melissa's CD. Within minutes of hearing her music he was sitting up asking for a drink of water. I was so blessed and amazed at how God works through Melissa's music to bring healing.

- Daleen, Alberta, Canada

HEALING MELODIES

*Ministering
life, hope
and healing
through song*

ABOUT

Toronto-based Psalmist and Recording artist Melissa Dittrich David's music has impacted lives worldwide with its soothing, healing touch. Melissa is a graduate of the University of Lethbridge, Canada (B.A. Music with Great Distinction). It was during her final year of undergraduate musical studies that she felt the Lord call her to use her musical gifts as a minstrel and a healer. Her mandate is inspired by the Biblical account of King David, who when he played his harp for Saul, brought release to Saul's oppressed spirit (1 Samuel 16:23).

Melissa has spent the last fifteen years recording and sharing her Scripture-inspired music in concerts North America wide, as well as on internationally syndicated television and radio. Melissa's passion to share the Word of God through song releases His healing to those who need it. In the same way that King David's music caused Saul's oppression to flee, Melissa has received testimonies from all over the world of supernatural peace, deliverance from fear and oppression, and even physical healing from her anointed music.
